A few of the players put it on and the look on their faces was priceless, as they were so happy and proud of the result." The captain Scott Edwards said that "this is the best kit we've had to date; better than anything from before".

All the team members and KNBC are pleased with what's been delivered. I would like to say thank you to all of you and the others who aren't included in this email, please forward it to them at the office for the amazing clothing you've delivered and the time you've spent on us.'

## MEASUREMENT ADVICE

### BUST / CHEST

Measure under the arms at the fullest part around the bust/chest horizontally.

### WAIST

Measure around the natural waistline.

### HIPS

With the feet together measure around fullest part.

### INSIDE LEG

In bare feet take the measurement from the top of the inside leg and measure down the inside leg to the floor.

\* Ensure you do not pull the tape measure too tight. This must sit flat on the body without indenting the skin. If unsure slip 2 fingers under when you join the tape measure and take this reading.

\*\* The chart is provided as a tool to assist when placing your order. Please take into consideration the sport, styling and end use of the garment. If you are in between two sizes, order the smaller size for a tighter fit or the larger size for a looser fit. If your measurements for chest and waist correspond to two different suggested sizes, order the size indicated by your chest measurement.
